Are you concerned about environmental issues at home and around the world? Unity College’s B.S. in Environmental Studies gives students the knowledge and skills to address those problems. Since solutions to environmental challenges cannot come from one type of thinking or knowledge, students will draw skills and knowledge from a variety of fields to become some of the world’s leading environmental innovators, leaders, and thinkers.

**Potential Jobs:** Sustainability coordinator, sustainability specialist, environmental educator, environmental compliance officer, public relations, environmental manager, environmental consulting, community organizer, teacher

**Skills/learning:** Leadership, professional communication, strategic and systems thinking, project management, data analysis, transdisciplinary thinking, environmental advocacy

**Why Unity College**
